

WATER IS ALWAYS WORTH SAVING
HELP PROTECT A PRECIOUS RESOURCE

**Scottish
Water**

Trusted to serve Scotland

Water plays a vital role in our lives. We use it almost every moment, every day – from drinking tap water to washing, cooking, cleaning or flushing. It also needs energy to heat water for showers, baths and washing dishes.

So, here's a few simple steps you can take to save water in and around your home. Whatever the weather, you can save water, save energy and cut your carbon footprint. It's good for the planet and your pocket.

Thank you for helping to save water and protect this precious resource.
